C

C. SureClimb™ Temporary Cable System

- Designed to provide fall protection when climbing or descending ladders or vertical structures up to 300' in height
- Allows for quick and easy attachment to approved ladder or structure
- Includes an integral, adjustable line weight
- Stainless steel fall arrester (ordered separately)
- Uses a 5/16" galvanized steel cables
- Meets all applicable OSHA regulations and ANSI standards

Part Number	Description	Price
MSASFPLS353050	SureClimb™ System with Integral Shock Absorber, 50' (16 m)	356.15
MSA10040010	SureClimb™ Slider (Fall Arrester) with Carabiner	200.91

D

D. Suspension Trauma Safety Step

- Designed to help workers in a post-fall suspension position avoid the effects of suspension trauma
- Allows workers to relieve pressure by inserting a foot into one of the step loops and then standing up in the harness
- The flexing of leg muscles and release of harness leg strap pressure stimulates blood flow, helping prevent the onset of suspension trauma
- Workers can use a single Safety Step or two Safety Steps (one for each leg) to provide additional support, balance and comfort

Part Number	Description	Price
MSA10063431	Suspension Trauma Safety Step with carabiner	36.72
MSA10063441	Suspension Trauma Safety Step without carabiner	12.03
