

# Miller® SkyGrip™ Temporary Horizontal Lifeline Systems

**SkyGrip™  
Steel I-Beam  
Application**

### Systems for Steel Applications – Accommodates flanges 4" to 18" wide up to 2-1/4" thick

Part Number	Description	Price
DFP SGS1860FT	60' Single-span system accommodates up to 2 workers	1,206.47
DFP SGS18120FT	120' Multi-span system accommodates up to 4 workers	1,808.09

### Systems for Concrete Applications – Attaches to rebar, concrete inserts or expansion bolt anchors

Part Number	Description	Price
DFP SGC60FT	60' Single-span system accommodates up to 2 workers	2,074.82
DFP SGC120FT	120' Multi-span system accommodates up to 4 workers	2,958.80

### Lifeline Kits – Single span kit includes Miller® anchorage connectors

Part Number	Description	Price
DFP SG41660FT	60' Kit w/two 416 D-bolt anchors, accommodates up to 2 workers	497.38
DFP SG81831060FT	60' Kit w/two 10' 8183 cross-arm straps, accommodates up to 2 workers	487.73
DFP SG88151260FT	60' Kit w/two 8815-12 fixed beam anchors, accommodates up to 2 workers	1,045.19

### System Components

Part Number	Description	Price
DFP SGXK	Energy Absorber Kit includes energy absorber, tension indicator and two anchor shackles	235.09

### Convert systems from concrete applications for use in steel applications

Part Number	Description	Price
DFP SGSB18	Base to convert stanchions for concrete applications for use in steel applications (One SGSB18 required for each stanchion)	342.88

### Convert systems from steel applications for use in concrete applications

Part Number	Description	Price
DFP SGCB	Base to convert stanchions for steel applications for use in concrete applications (One SGCB required for each stanchion)	395.63
DFP SGCA	Kit to convert system for steel applications for use in concrete applications (One SGCA required for each system)	726.68

Longer systems available that will accommodate up to six workers.  
**Call your representative for more information.**

**SkyGrip™  
Concrete  
Application**

- Systems available for steel and concrete applications
- Interchangeable stanchion posts enable systems for steel applications to be converted to concrete applications and systems for concrete applications to be converted for steel applications
- Above the beam quick grip installation for increased safety
- Stainless steel energy absorber minimizes fall clearance
- Tension indicator ensures proper tensioning critical to knowing fall clearance
- Continuous pass-through design
- Lightweight and compact

# Miller® Vi-Go™ Continuous Ladder Climbing Safety Systems

New Vi-Go™ Ladder Climbing Safety Systems with automatic pass-through provide the ultimate in safety with continuous fall protection when climbing fixed ladders. Systems are available in easy-to-install kits.

- **Lower cost of ownership** – Do-it-yourself kits for easy installation and inspection. No costly, annual manufacturer inspections often required by other systems
- **Accommodate up to four (4) workers at a time** – Increasing productivity
- **Automatic Personal Fall Arrestor Cable Sleeve** – Designed to follow the user along the lifeline while ascending or descending, instantly locking in the event of a fall

### Features

- Uninterrupted fall protection
- Easy, one-hand operation
- Automatic pass-through cable guides
- Attachment mechanism engineered to prevent incorrect installation
- Cable sleeve integrated shock-absorbing element
- Accommodate 5/16" (8mm) or 3/8" (10mm) cable

### Vi-Go™ System Kits

Kits include a top bracket assembly with shock absorber, a bottom bracket assembly with lifeline tensioner, 3/8" (10mm) galvanized steel cable lifeline, all necessary hardware, automatic pass-through intermediate cable guides (when applicable) and instruction manual.

**NEW  
PRODUCT**

### Vi-Go™ Continuous Ladder Climbing Safety System Kits with Automatic Pass-Through

Part Number	Description	Number of Cable Guides	Price
DFP VG/40FT	40 ft. Length	0	346.15
DFP VG/60FT	60 ft. Length	1	437.40
DFP VG/80FT	80 ft. Length	1	461.55
DFP VG/100FT	100 ft. Length	2	528.64

\*Other system kits are available in 10-ft. (3.0m) increments up to 300 ft. (91.4m), and then 50-ft. (15.2m) increments up to 500 ft. (152.4m)

### Vi-Go™ Automatic Pass-Through Cable Sleeve - Sold Separately

Part Number	Description	Price
DFP VGCS	Automatic Pass-Through Cable Sleeve	405.65
DFP VGCS-SC/	Automatic Pass-Through Cable Sleeve with integral swivel and carabiner	423.95
